Hiring

Position: Assistant Professor

Areas: Computational Biology, Bioinformatics,
Biostatistics, Biosensors,
Bioinstrumentation

Department of BSBE at IIT Guwahati seeks to strengthen activities at the interface of biology, engineering, mathematics, and computing. Within the broad areas of computational biology, bioinformatics, biostatistics, biosensors, and bioinstrumentation, we welcome expertise spanning mathematical and systems-level modelling; statistics and AI/ML for genomics, transcriptomics, proteomics, drug development, and biomedical data; clinical data science; digital health; point-of-care devices; and other emerging interdisciplinary domains.

We encourage applications from researchers with strong academic training in the physical sciences, engineering, mathematics, and computing, and proven research capability in biological problems.

The position involves pursuing independent research and contributing to interdisciplinary teaching at the undergraduate and postgraduate levels.
