About Institute.

Established in 1994, Indian Institute of Technology Guwahati is the sixth member of the IIT fraternity and one of India's premier institutions for higher education, research, and innovation. Within a short span, the Institute has emerged as a global centre of excellence in science, technology, management, and design.   The picturesque campus spans 285 hectares on the northern bank of the Brahmaputra River, approximately 20 km from the heart of Guwahati city. Surrounded by scenic hills and open spaces, it offers a perfect environment for learning, research, and holistic development. IIT Guwahati offers a wide array of academic programmes including B.Tech., B.Des., BSc (Hons), M.Tech., M.Des., M.Sc., MBA, M.A., MS(R) and Ph.D. across 11 departments, 9 interdisciplinary centres, and 5 schools, covering major disciplines in engineering, science, humanities, healthcare, and management.

The Institute has built world-class infrastructure and houses state-of-the-art laboratories and National Centres of Research that support cutting-edge research. Students are encouraged to take up interdisciplinary coursework, pursue minor degrees, and choose from a rich variety of open and interdepartmental electives. IIT Guwahati has signed MoUs with top international universities, facilitating semester exchanges and summer internships, thereby broadening students' global exposure. Our students regularly intern at leading global firms and research institutions, gaining invaluable real-world experience.

Ranked among the top 100 world universities under 50 years by Times Higher Education (THE), IIT Guwahati continues to excel globally. The Institute was ranked 42nd globally in 'Research Citations per Faculty' and 344th overall in QS World University Rankings.

Director's Message.

> Indian Institute of Technology Guwahati was established in 1994 by an Act of Parliament. The academic programme started with 65 students in three undergraduate programmes in 1995. The institute is growing steadily and the total number of students in eleven departments, nine academic centres and five schools in numerous undergraduate and postgraduate programmes is now around 8600. The institute has excellent infrastructure for the all round development of its students. The institute has full-fledged Technology Incubation Centre and Research Park to promote entrepreneurship activities.
> IIT Guwahati continues to maintain its superior position in various International and National Rankings. IIT Guwahati secured the 8th position among the top engineering institutions in India in the NIRF 2025 Rankings, released by the Ministry of Education.
>
> Additionally, IIT Guwahati has been ranked as the 11th best university in the country. IIT Guwahati has been ranked 2nd in the 'Swachhata Ranking' conducted by the Govt. of India. IIT Guwahati has been ranked as the topranked university in 2019 for IT developers by HackerRank in the Asia-Pacific region. IIT Guwahati gained 42 position globally in the 'Research Citations per Faculty' category and overall 344 rank in the QS World University Rankings 2025 released recently. Also, IIT Guwahati ranks 6th globally in Sustainable Development Goal 7 (Affordable and clean energy) of the Times Higher Education Impact Rankings 2023.
>
> The institute has a very good central library, which provides library and information services to support teaching, learning, and research activities by creating state-of-the- art facilities. It is housed on a four-storey building having a floor area of about 7500 sq. meter. Inhouse services of the library are fully computerised and wi-fi facility is provided within the library building for connecting to the internet and accessing the Institute's electronic resources. The sports facilities of the institute are of international standard. The students graduating from this institute are motivated, bright, and very eager to perform after they graduate.
>
> IIT Guwahati has extensive facilities for cultural and creative activities too. For example, the Technical Board promotes technology, creativity and innovation. IIT Guwahati helps in shaping up bright minds with proper perspectives. IIT Guwahati hosts two supercomputing facilities PARAM-Kamrupa (838 TF) and PARAM- ISHAN (250TF) to carry out research activities in various scientific domains including forecasting of weather and climate, bioinformatics, computational chemistry, molecular dynamics, artificial intelligence (AI) and machine learning and especially data science.
>
> Because of the excellent performance of the students of IIT Guwahati in all the fields of study and research, guided by the dynamic faculty members and with the full support of the non-teaching employees, IIT Guwahati could feature in the coveted list of young universities (under 50 years of age) of the world selected by the Times Higher Education (THE) magazine. IIT Guwahati is the only Indian entry to this elite list. I cordially invite all prospective employers to visit IIT Guwahati and to participate in the on-campus placement and internship processes.

With Best Wishes,
Prof. Devendra Jalihal.

Message from Head of CCD.

"

I'm pleased to share that IIT Guwahati was ranked among the top 100 young universities in the world in 2014. It was a proud moment, and remains the highest such recognition for any Indian institute. We continue to grow, ranked 8th in Engineering in the NIRF 2025 and 42nd globally in the 'Research Citations per Faculty' category. In the QS World University Rankings 2025, we rank 344th overall.

In just over two decades, we've built solid academic and research foundations. With eleven departments, five schools, and nine interdisciplinary centres, we offer a range of programs from B.Tech and B.Des. at the undergraduate level to M.Tech, M.Des, MS(R), M.Sc., MA, MBA, and PhD programs at the postgraduate level.

Our students are focused, capable, and eager to learn. Many have spent time at universities abroad, gaining exposure and experience. They are now ready to take on roles across industries like engineering, design, analytics, consulting, product, and finance.

At the Centre for Career Development, we work to ensure our students find the right opportunities. We have the infrastructure to support campus hiring activities like preplacement talks, written assessments, interviews, and everything that's needed to make the process smooth. We also run training sessions, industry workshops, and career guidance programs. Each year, more than 300 companies recruit from IIT Guwahati across sectors like software, analytics, consulting, core engineering, finance, and trading.

I invite your organization to visit our campus and meet our students. We'll be glad to support your recruitment efforts and look forward to working together. Additionally, IIT Guwahati has been ranked as the 9th best university in the country. IIT Guwahati has been ranked 2nd in the 'Swachhata Ranking' conducted by the Govt. of India. IIT Guwahati has been ranked as the topranked university in 2019 for IT developers by HackerRank in the Asia-Pacific region.

Dr. John Jose

Bachelor of Design (B.Des.)

UCEED

An interdisciplinary Design programme and the only one of its kind in the IITs. Focuses on imparting deep under standing of prime domains in Design: Design research, Interaction Design, Industrial Design, and Visual Communication through courses and project works.

A rigorous course structure which imparts comprehensive understanding of a particular field of study, training for practical problems of design and development through course work and active research.

Minor Disciplines

- Biotechnology
- Chemical Science and Technology
- Language and Literature
- Robotics and Artificial Intelligence
- Computer Science and Engineering
- Engineering Physics
- Electronics & Communication Engineering
- Mathematics
- Product Design
- South and South-East Asian Civilization

Minor Degree Programme

- Auxiliary minor programme for all disciplines. In 2010, the institute started a provision for a minor degree in the B.Tech and B.Des programmes.
- Students pursue additional courses in their Minor degree department.
- Students specialize in a field of their choice in addition to their major degree thus developing skills well suited for interdisciplinary professions.

Postgraduate Programs.

Master of Technology (M.Tech.)

GATE

- Biomedical Science and Engineering
- Biotechnology
- Bioengineering
- Chemical Engineering
- Civil Engineering
- Computer Science Engineering
- Electronics and Electrical Engineering
- Mechanical Engineering
- Rural Technology
- Robotics and Artificial Intelligence
- Data Science
- Food Science and Technology

Master of Design (M.Des.)

CEED

- Design
- Electronic Product Design (EPD)

Master of Science (M.Sc.)

JAM

- Mathematics and Computing
- Mathematics
- Chemistry
- Physics

Master of Science by Research (M.S.(R))

- Energy
- Disaster Management & Risk Reduction
- E-Mobility
- Sustainable Polymers

Master in Business Administration (M.B.A.)

CAT

- Finance
- Marketing
- Human Resources (HR)
- Operations

Doctoral Programme (Ph.D.)

Doctor of Philosophy in all the departments, schools and centres.

Master of Arts (M.A.)

- Development Studies
- Liberal Arts

Institute Facilities.

Central Library & Computer Centre

Presently, Lakshminath Bezbaroa Central Library has a collection of more than 1.84 Lakh printed books & bound volumes, 2.37 Lakh e-Books, about 71,000 Online Standards and 2,338 online Ph.D theses. In addition, Library has access to more than 26,000 e-journals including current & backfiles of which 15,693 are subscribed and rest are provided by e-Shodh Sindhu Consortium and DeLCON: Consortium. IIT Guwahati hosts two supercomputing facilities PARAM -Kamrupa, (838 TF) & PARAM-ISHAN, (250TF).

Academic Complex

The majestic Academic Complex of 74,000 Square meters Houses all the Departments, Centers for Research, Laboratories and Department Libraries, Equipped with Modern Audio-Visual Aids. The institute has four large Lecture Halls with 300 seating capacity each and a new conference center with 4 conference rooms of global stature. IIT Guwahati has a variety of classrooms to meet the needs of different courses and disciplines, including large lecture halls and smaller classrooms for more interactive learning. All classrooms are equipped with modern facilities such as Wi-Fi, air conditioning, and projectors.

Central Instrumentation Facility

Established in 2004, CIF fulfils the need of sophisticated instruments required for the multiple departments and centres of the institute and others.
- It supports researchers and students in their experimental works.
- Houses a wide range of analytical and testing instruments for various research domains.
- Enhances the research capabilities of the institute and facilitates high-quality research.

Research & Development.

R&D (Research and Development)

IIT Guwahati's R&D and II&SI activities span across diverse disciplines, including science, engineering, and technology.

- Encourages industry consultancy and research, as well as short-term courses for industry and academia.
- Actively participates in national and international research projects.
- Promotes interdisciplinary research to address complex societal challenges.
- Special initiatives focus on innovation, entrepreneurship, start-ups, and industry-funded projects.
- Contributes to the advancement of knowledge and technology through research initiatives.

Technology Incubation Center (TIC)

- TIC is an initiative at IIT Guwahati aimed at fostering innovation and entrepreneurship.
- It provides infrastructure, mentorship, and support for startup companies.
- Focuses on nurturing tech-based startups and helping them scale.
- Collaborates with industry, academia and government agencies.

Research Park

- Auxiliary minor programme for all disciplines. In 2010, the institute started a provision for a minor degree in the B.Tech and B.Des programmes.
- Students pursue additional courses in their Minor degree department
- Students specialize in a field of their choice in addition to their major degree thus developing skills well suited for interdisciplinary professions

Institute Activities.

Conferences, Seminars & Workshops

Many conferences, seminars, workshops along with School of thought are organized by departments and centres every year. Students participate actively in their proceedings as well as in organizing them.

Publications

Students actively collaborate with faculty in research projects, publishing research papers in international and national journals and conferences. The institute has so far applied for 69 patents out of which 6 have been granted.

MoUs

Memoranda of Understanding (MoU) on academic & research collaborations, are one of the integral parts of the institution's external relations. At present the institute has more than 100 MoUs till date with various universities from all over the world.

100+
Total MoUs signed (2024-25)

Students Activities.

IIT Guwahati's dedication to achieving excellence is embodied in its holistic approach to student development, which integrates the mind, body, heart, and soul. This commitment is showcased through a diverse range of extracurricular activities that enrich the student experience.

These activities span sports, club involvement, hostel events, college festivals, and entrepreneurial ventures. The institute hosts several flagship events, including Alcheringa, the annual cultural fest; Techniche, the annual techno-management fest; Spirit, the annual sports fest; and Prayatna, the annual socio-welfare fest. These festivals, organised on a grand scale, attract participants from across the country and even internationally, providing students with invaluable opportunities to develop leadership and organisational skills.

Students at IIT Guwahati take on various roles, managing the entire student body, and orchestrating these large-scale festivals with precision and creativity. They also engage in fierce competition at both national and international levels, excelling in academics, sports, and other arenas.

Furthermore, students actively participate in social initiatives, contributing to the community and broadening their perspectives. This multifaceted engagement nurtures personal and professional growth, preparing them to excel in all aspects of life.

Students Activities.

Student Gymkhana Council

The Student's Gymkhana Council plays a pivotal role in advancing the goal of cultivating extracurricular and co-curricular pursuits, as well as ensuring the well-being of students during their campus tenure. Membership in the Gymkhana Council serves as a practical training ground for honouring managerial and leadership skills, offersing students a hands-on experience in overseeing significant projects, launching new initiatives, and effectively managing budgets.   The council provides students with real-world exposure to managing and coordinating large-scale activities and events.

Gymkhana Clubs

- Over 30 vibrant clubs at IIT Guwahati play a crucial role in nurturing co-curricular activities, contributing significantly to the cultural, technical, and entrepreneurial growth of students.
- These clubs maintain an active presence and engage in a wide range of activities, spanning from local to international platforms.
- The diversity of these clubs collective shapes the character of an IIT-G student, fostering a wellrounded, versatile, and passionately engaged individual.

Students' Web Committee

- Founded in 2016 with a focus on creating valuable products for campus residents.
- Demonstrated leadership in developing various campus utilities.
- Inspired by major tech giants in its operational approach.
- Committed to enhancing existing products and exploring new opportunities.
- Key products include: Placement Portal, OneStop, Election Portal and many more.

Fests & Events.

Alcheringa - IITG Annual Cultural Festival

Alcheringa is the annual-cultural festival of IIT-Guwahati and within a short span of 28 years, has grown to become the largest college cultural festival of the North-East India while earning a spot in the top 3 college fest across the country. It brings together an amalgamation of international culture providing a competitive platform for many aspiring artists. Managing a cultural fest with over 100 events and a footfall of 1.4 lakhs is no simple task and it is all up to the students to ensure that the gears run smoothly. Working on such a huge project provides all the challenges a student would have to face later in their careers. Students gain the ability of planning, execution, handling tense scenarios and making quick, but logical decisions while also learning the importance of teamwork, time and financial management.

Techniche - IITG Annual Techno-Management Festival

Techniche is the annual techno-management festival of IIT Guwahati and it is the largest of its kind in North East India and is creating impact from the past 25 years. Spread over 4 nights and 3 days, Techniche is a perfect combination of the technological and the managerial worlds. With a footfall of 50,000 people and 50 Lakh+ hits on its website, it has impacted over 10 lakh lives with its plethora of initiatives, competitions ranging from robotics to consultancy, lectures, industrial conclaves, workshops, its very own marathon and so on. Techniche has made a huge impact to promote technology and innovation in the North East India and across the country as well by working as a bridge between the world of budding talent and the world of industry.

TEDxIITGuwahati

In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group. Since 2019, TEDxIITGuwahati has been working to galvanize the local community, bringing together corporations, entrepreneurs, and individuals, providing a platform for exceptional ideas, and a catalyst for profound change. Upon successful completion of 6 editions, 30+ talks have been uploaded under TEDxIITGuwahati banner in the official TED youtube channel which has around 41M subscribers

Fests & Events.

Spirit

Spirit, The annual Sports Festival of IIT Guwahati. Spirit is the biggest Sports festival of North East India. SPIRIT is a great platform for college teams to exhibit their exceptional sporting spirit, and compete for glory! In the last edition of Spirit, we were graced by the legendary cricketer Brett Lee, Durga Boro.

Prayatna

Largest in North-East India: Prayatna is the biggest socio-welfare fest in North-East India, uniting people for impactful change. Empathy in Action: The fest highlights important, often overlooked issues, fostering awareness and understanding. Student-Led, National Vision: Prayatna aims to grow into the nation's largest student-driven social initiative. Building Skills and Character: It equips students with management skills while nurturing genuine social responsibility

Udgam

UDGAM, the Annual E-Summit of IIT Guwahati, is the flagship event of E-Cell, IIT Guwahati, to be conducted from 20th January 2024 to 22nd January 2024. Conceptualised to develop the spirit of entrepreneurship among the youth of North-East India, its expansion over the years has propelled it to become North East India's largest E-Summit

Fests & Events.

Spicmacay

SPICMACAY IIT Guwahati is committed to preserving and promoting Indian classical arts, including music, dance, and folk traditions. The annual Virasat festival is a key highlight, featuring performances by renowned artists in classical dance, music, qawwali, and ghazals. The society also showcases vibrant folk traditions and collaborates with various cultural organizations to enrich campus life. Operating on a volunteer basis, SPICMACAY IIT Guwahati has built a legacy of cultural excellence over the years.

RIC (Research and Industrial Conclave)

The Research & Industrial Conclave, organized by IIT Guwahati's Students' Academic Board, is a major academic festival in India's North-Eastern states. Established in 2015, it features competitions, workshops, lectures, and exhibitions, fostering collaboration between students, researchers, and industry. With over 30 events and 2000+ participants, the student-managed Conclave provides valuable real-world career skills.

Achievements – Inter IIT.

Inter IIT Tech Meet 13.0

The 13th edition of the Inter-IIT Tech Meet, hosted by IIT Bombay from December 11–14, was a landmark event for the IIT Guwahati contingent. The problem statements, released in mid-October, were curated by leading organizations including ISRO, Adobe, Zelta, and more. Covering diverse domains such as hardware, software, quant and others, these challenges were classified into high-, mid-, and low- and no-preparation categories—each spread across the 8 weeks of competition.

The Problem Statements in the high-preparation category were in domains of Quant, AI, Aerial Robotics and Astronomy. The team finished first in Quant, bettering over second in Inter IIT Tech 12.0 and 4th in Agentic AI problem Statement among the notable finishes.

Mid Prep and Low Prep Categories focused more on single domain problem statements with major focus being on Product Development and Software based problem statements. Teams secured Podium in 4 Problem Statements spread across Mid and Low Prep Categories, majorly highlighting the testament in developing and designing Products varying from Fantasy Sports platform to custom games, IIT Guwahati did best among all.

In overall score, IIT Guwahati stood 3rd across 23 IITs, the first ever medal for the IIT Guwahati contingent in the 13 years of existence of Tech Meet. In Previous years, We achieved the 4th position in Inter IIT Tech 12.0, 5th in Inter IIT Tech 11.0 , with medals across Cyber Security, Product Development, Quant , Entrepreneurship , Consulting and more.

This achievement stands as a testament to the talent, hard work, and collaborative spirit of our students.
Achievements.

Smart India Hackathon

A team from IIT Guwahati clinched National Rank 1 in the Smart India Hackathon 2024 for the problem statement provided by ISRO. The competition challenged participants to address real-world problems with innovative, tech-driven solutions at a national scale — a feat that showcased the technical ingenuity and creativity of our students.

Creative Shock

In Creative Shock, an international business and social case competition conducted by ISM University of Management and Economics, Lithuania, IIT Guwahati teams delivered an outstanding performance. They secured Global Ranks 2, 3, and 8, with 12+ teams making it to the Top 50, competing against top global institutions.

Nation building case competition

In the Nation Building Case Competition, five teams from IIT Guwahati ranked in the Zonal Top 10 during Round 1. In the final round, two teams finished among the Top 12 out of 50,000+ teams nationwide.

Achievements.

Adobe India Hackathon

A team from IIT Guwahati secured the Second Runner-up position at the Adobe India Hackathon, emerging as one of the top 6 national finalists among 10,000 submissions.

Strategy storm

A global business case study competition organized by the Consulting & Analytics Club, IIT Guwahati, saw participation from over 3,500 teams, with one team from the college securing 3rd place in the finals, and two teams finishing in the Top 20.

Global Achievements:
- 1st place in the Kolkata round of the IEEE R10 Robotics Competition, advancing to the final rounds in Tokyo, Japan.
- Champions of the International Rover Design Challenge and the International Mars Base Challenge during Spros Week 2025.
- ICPC Grand Finalists, among the world's top programmers.

National Excellence:
- Top 9 in the Bhartiya Antariksh Hackathon organized by ISRO.
- 1st and 3rd positions in the Boeing National Aeromodelling Competition, along with a 2nd place finish in the 2025 edition.
- Reaper Project selected for IEDC funding.

Achievements by different teams from IIT Guwahati in the product domain:

- 2nd Runner-Up and 4th rank in Product Decode - TPF Product Teardown, organized by IIM Calcutta.
- 4th rank in Product Alchemy, part of ProdExpo 4.0 at IIM Calcutta.
- 5th rank in E-Week Nexus - PM Competition, organized by IIM Kozhikode.
- 4th rank in the ProdMaster Case Competition, organized by IIM Kozhikode.
- 4th rank in the Vista Product Case Competition, organized by IIM Bangalore
- Finalist in the Indian Case Challenge out-off 5000+ participating teams, organized by IIT Kharagpur

About Us (CCD).

Roles and Responsibilities

The Centre for Career Development of Guwahati handles all aspects of campus placements for graduating students. The CCD is responsible for mediating between the company and the students. Arrangements for every stage of the recruitment process are made by officials of the office. The Head, CCD in consultation with the student coordinators oversee all placement related activities at the institute. CCD coordinates with recruiting companies and handles the entire internship hiring and on campus recruitment process. The scheduling process is handled accommodating both the needs of the students and the department.

Training Initiatives

Centre for Career Development also takes the responsibility of training the students of the Institute and strengthening their concepts by bullding on the fundamental principles while also accommodating the needs of the industrial market within realistic constraints such as economic, environmental, social, health and safety. The Centre ensures complete revision of basic concepts so that students con identity, formulate and solve engineering problems with the understanding of professional and ethical responsibility, CCD also organizes regular training sessions for students on soft skill development.

Facilities

The office has excellent facilities and infrastructure for placement activities, which includes:
- Online Platforms for Interviews
- Registration portal for Companies & Students
- Institute auditorium & Lecture Halls for Preplacement talks and tests
- Computer Centre and Departmental Labs for written and online tests
- Video Conference Facilities Including Skype interviews.

Activities

- Campus Placements
- Short Term Internships
- Long Term association internships
- Webinars, Seminars and Training

Training sessions & Major events by CCD.

Interaction with school Teachers

IEEE Sessions

Training sessions & Major events by CCD.
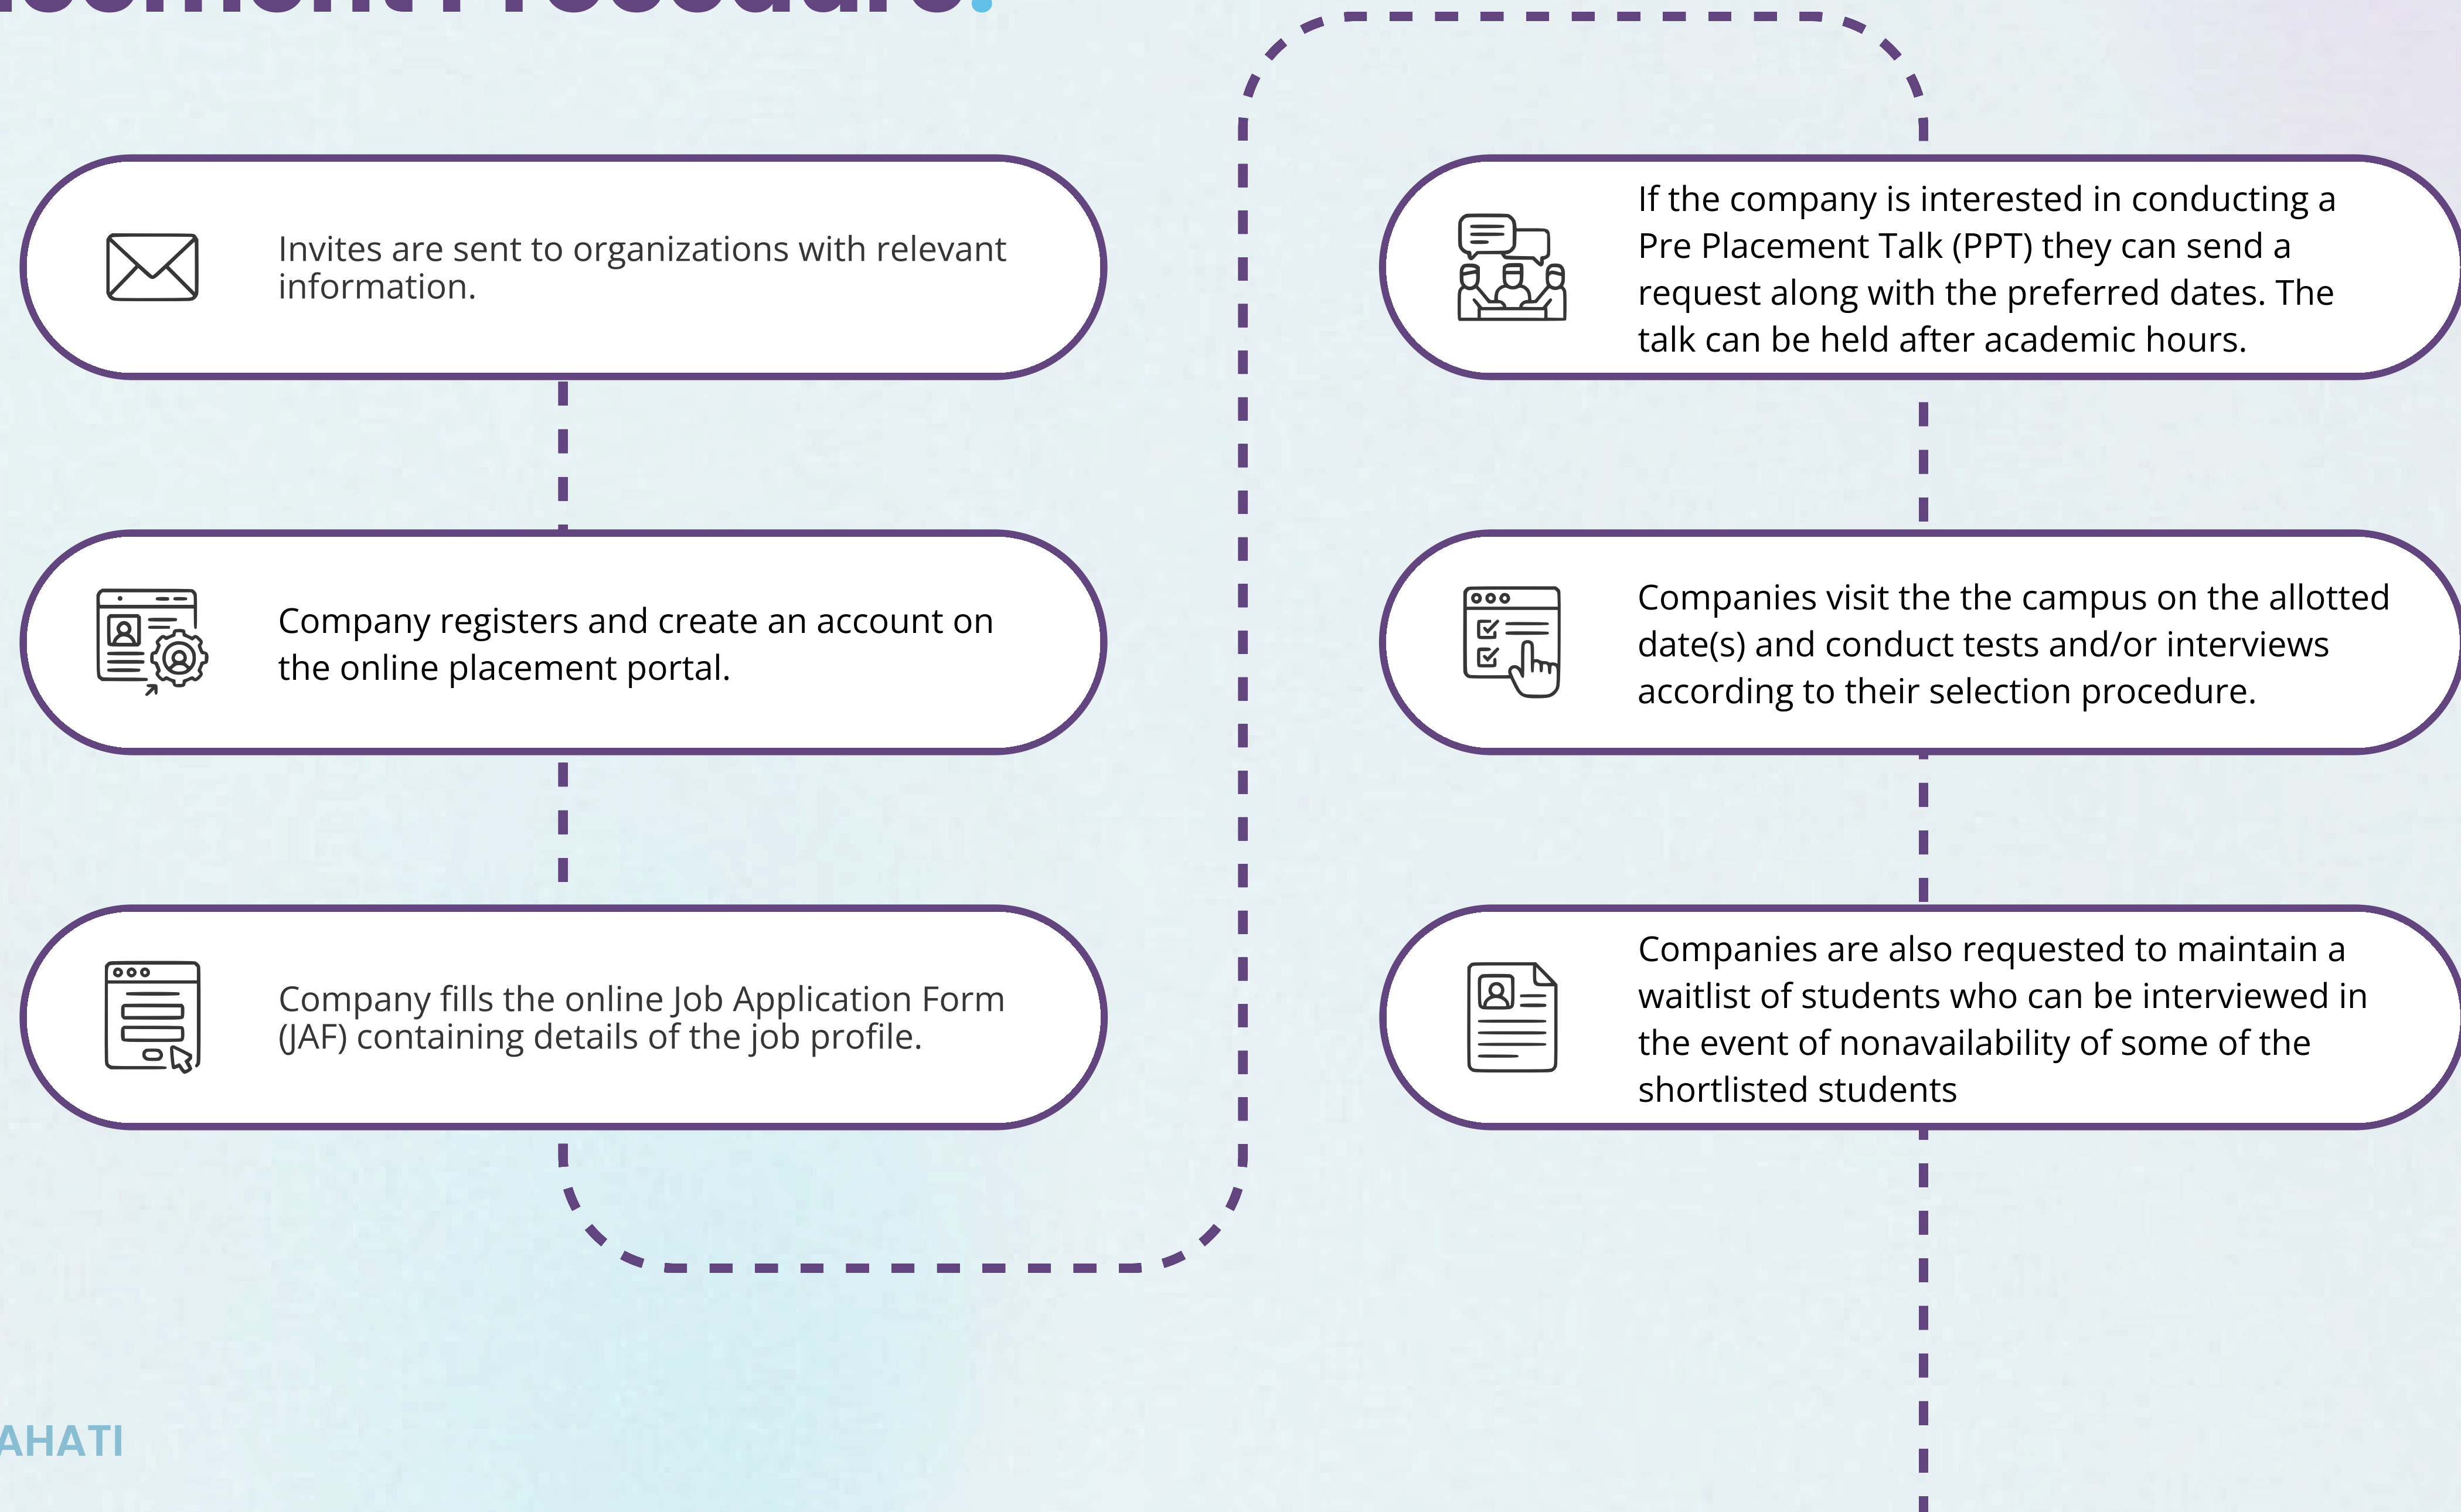

Personality development session

LEAP and EDGE2.0

Placement Procedure.

Invites are sent to organizations with relevant information.

Company registers and create an account on the online placement portal.

Company fills the online Job Application Form (JAF) containing details of the job profile.

If the company is interested in conducting a Pre Placement Talk (PPT) they can send a request along with the preferred dates. The talk can be held after academic hours.

Companies visit the the campus on the allotted date(s) and conduct tests and/or interviews according to their selection procedure.

Companies are also requested to maintain a waitlist of students who can be interviewed in the event of nonavailability of some of the shortlisted students

The resumes of all students become available to the company (view/download) on their portal account. Organizations can short-list candidates.

The JAF is made available online to the eligible students, along with any other information furnished by company. Students apply online to companies' job profiles.

The company has to furnish the final list of selected students soon after the completion of the selection procedure to the placement team.

The CCD Office also coordinates the signing of the offer letters by students who have been selected to ensure that they reach the company organisations early as possible.

Understanding Jargons.

PPT: Pre Placement Talk

A Pre Placement talk is conducted by the company to the possible campus hires, usually in the form of a presentation followed by a Q&A. The presentation can include an introduction to the company, showcasing the work culture, an introduction to the job role, an explanation of benefits, and other relevant information regarding the placement position offered. These talks are crucial for students as they help them make a decision when it comes to applying to the company.

JAF : Job Application Form

A Job Application Form is a primary document to be filled out by the company, it is used to register a particular role to be offered during the placement hiring season. The form contains job details, eligibility criteria, salary details, selection processes, contract details, and other relevant details. This form serves the information required for the CCD to host the hiring drive for that specific role.

Slot with Spot-On Offer

A spot-on offer system with slots allows companies to present offers to students during their designated time slots. When a student accepts an offer, they are immediately withdrawn from consideration by other companies participating in parallel recruitment processes. This system ensures that companies can secure their preferred candidates quickly and efficiently while minimizing competition for the same talent. It streamlines the recruitment process, reduces decision-making delays, and provides clarity for both students and companies. Ultimately, it fosters a more organized and fair hiring environment, benefiting all parties involved.
