About IIT Guwahati

Established in 1994, Indian Institute of Technology Guwahati is the sixth member of the IIT fraternity and one of India's premier institutions for higher education, research, and innovation.

Within a short span, the Institute has emerged as a global centre of excellence in science, technology, management, and design.

The picturesque campus spans 285 hectares on the northern bank of the Brahmaputra River, approximately 20 km from the heart of Guwahati city.

Surrounded by scenic hills and open spaces, it offers a perfect environment for learning, research, and holistic development.

IIT Guwahati offers a wide array of academic programmes including B.Tech., B.Des., BSc (Hons), M.Tech., M.Des., M.Sc., MBA, M.A., MS(R) and Ph.D.

across 11 departments, 9 interdisciplinary centres, and 5 schools, covering major disciplines in engineering, science, humanities, healthcare, and management.

The Institute has built world-class infrastructure and

houses state-of-the-art laboratories and National Centres of Research that support cutting-edge research.

Students are encouraged to take up interdisciplinary coursework, pursue minor degrees, and choose from a rich variety of open and interdepartmental electives.

IIT Guwahati has signed MoUs with top international universities, facilitating semester exchanges and summer internships, thereby broadening students' global exposure.

Our students regularly intern at leading global firms and research institutions, gaining invaluable real-world experience.

Ranked among the top 100 world universities under 50 years by Times Higher Education (THE), IIT Guwahati continues to excel globally.

The Institute was ranked 42nd globally in 'Research Citations per Faculty' and 344th overall in QS World University Rankings.

Director's Message

“

Indian Institute of Technology Guwahati was established in 1994 by an Act of Parliament. The academic programme started with 65 students in three undergraduate programmes in 1995. The institute is growing steadily and the total number of students in eleven departments, nine academic centres and five schools in numerous undergraduate and postgraduate programmes is now around 8600. The institute has excellent infrastructure for the all round development of its students. The institute has full-fledged Technology Incubation Centre and Research Park to promote entrepreneurship activities.

IIT Guwahati continues to maintain its superior position in various International and National Rankings. IIT Guwahati secured the 8th position among the top engineering institutions in India in the NIRF 2025 Rankings, released by the Ministry of Education.

Additionally, IIT Guwahati has been ranked as the 11th best university in the country. IIT Guwahati has been ranked 2nd in the 'Swachhata Ranking' conducted by the Govt. of India. IIT Guwahati has been ranked as the topranked university in 2019 for IT developers by HackerRank in the Asia-Pacific region. IIT Guwahati gained 42 position globally in the 'Research Citations per Faculty' category and overall 344 rank in the QS World University Rankings 2025 released recently. Also, IIT Guwahati ranks 6th globally in Sustainable Development Goal 7 (Affordable and clean energy) of the Times Higher Education Impact Rankings 2023.

With Best Wishes,

Prof. Devendra Jalihal

Director, IIT Guwahati

The institute has a very good central library, which provides library and information services to support teaching, learning, and research activities by creating state-of-the-art facilities. It is housed on a four-storey building having a floor area of about 7500 sq. meter. Inhouse services of the library are fully computerised and wi-fi facility is provided within the library building for connecting to the internet and accessing the Institute's electronic resources. The sports facilities of the institute are of international standard. The students graduating from this institute are motivated, bright, and very eager to perform after they graduate.

IIT Guwahati has extensive facilities for cultural and creative activities too. For example, the Technical Board promotes technology, creativity and innovation. IIT Guwahati helps in shaping up bright minds with proper perspectives. IIT Guwahati hosts two supercomputing facilities PARAM-Kamrupa (838 TF) and PARAM-ISHAN (250TF) to carry out research activities in various scientific domains including forecasting of weather and climate, bioinformatics, computational chemistry, molecular dynamics, artificial intelligence (AI) and machine learning and especially data science.

Because of the excellent performance of the students of IIT Guwahati in all the fields of study and research, guided by the dynamic faculty members and with the full support of the non-teaching employees, IIT Guwahati could feature in the coveted list of young universities (under 50 years of age) of the world selected by the Times Higher Education (THE) magazine. IIT Guwahati is the only Indian entry to this elite list. I cordially invite all prospective employers to visit IIT Guwahati and to participate in the on-campus placement and internship processes.

About the Department

The Department of Humanities and Social Sciences at IIT Guwahati is a centre for research and teaching composed of academics from different disciplines: Economics, English, Linguistics, Philosophy, Psychology, Sociology, History, Archaeology, Political Science, and Development Studies.

With its varied range of research interests and expertise, the department promotes interdisciplinary work in humanities and social sciences, offering projects, supervision, and fellowships to attract students and researchers from diverse academic and cultural backgrounds.

Apart from its undergraduate B.Tech taught courses that include uniquely designed content offered by faculty members, the department provides highly interdisciplinary areas of expertise and investigation in its MA and PhD programmes.

The MA programmes in Development Studies and Liberal Arts are designed to equip students with advanced analytical, critical, and research skills. They engage deeply with issues of culture, development, conflict, and ideology, blending rigorous theoretical foundations with real-world perspectives.

Students benefit from innovative coursework, hands-on projects, and supervised research that address pressing social, political, and economic challenges. The department's PhD programme promotes dialogues across different disciplines in humanities and social sciences, offering expert supervision and funded fellowships to selected full-time researchers.

The department collaborates with related Indian as well as international institutions in projects and workshops to promote and produce cutting-edge work in humanities and social sciences. Placing a high premium on research output and outreach, the department consistently publishes academic articles, project reports and monographs, which corroborate the quality of work undertaken by its faculty, fellows and researchers.

Head of Department's Message

“

On behalf of the Department of Humanities and Social Sciences (HSS) at IIT Guwahati, I am pleased to introduce our current batch of MA students. What makes our department especially distinctive is its interdisciplinary character, with eleven academic disciplines coming together to create a rich and dynamic learning environment.

We offer two specialized programmes - the MA in Development Studies and the MA in Liberal Arts. Through these programmes, our students are encouraged to think critically, analyse deeply, and respond thoughtfully to complex real-world issues. They graduate with a strong understanding of society, along with practical skills that prepare them for meaningful roles in research, public policy, and the corporate sector.

This year, 38 students from our MA programmes are seeking placement opportunities. We warmly invite recruiters to connect with our graduates, who bring with them not only academic excellence, but also adaptability, curiosity, and a strong sense of purpose. We truly value your interest in supporting them as they begin the next stage of their professional journey.

With Best Wishes,

Prof. Shakuntala Mahanta

Head of Department · Humanities & Social Sciences

Department Faculty Placement Coordinator Message

“

It is my pleasure to introduce the H.S.S Department. Master of Arts in Development Studies & Master of Arts in Liberal Arts cohort of 2025-27 to the social and development sector. This cohort of students comes from a variety of educational backgrounds, including Humanities, Social Sciences, Engineering, Natural Sciences, Literature, Journalism, and other professional degrees, and they are trained to address development-sector challenges realistically & effectively.

The Department's two MA programmes offer a balance of academic rigour, field immersion, & policy oriented skills. The interdisciplinary nature of courses at IIT Guwahati equips students to organise information into data for research and communication, and to collect, interpret, report, and visualise data into impactful, actionable reports. Our alumni have contributed to various prestigious organisations across CSR, Public Policy, Research, NGOs, Fellowships & Public Advocacy, and our future generations look forward to continuing this legacy.

Our students, given their professional competence and training, will prove to be an asset to any organisation to which they will offer their services. We invite development sector organisations to support our students in their professional journey.

With Best Wishes,

Dr. Rituparna Patgiri

Assistant Professor

Programmes Offered

Master of Arts in Development Studies

ADMISSION THROUGH IIT GUWAHATI ENTRANCE TEST

The programme which is an integration of various social science disciplines was initiated in 2009 with a focus on crucial development issues.

The course structure is a conglomeration of various disciplines including political, sociological and economic theories with the approach of sustainability, rural development, health, gender, and displacement.

The program aims to form empathetic leaders working towards the establishment of an inclusive and just society. It emphasizes hands-on experiences through dissertations, term paper writing, and group project work.

The program sharpens essential skills in development research, critical thinking, data analysis, and cross-cultural insight.

The program aims to shape empathetic, socially aware professionals committed to making society more just and inclusive.

Students acquire skills and knowledge to work in consulting, research, policy-making, CSR, and program management

Master of Arts in Liberal Arts

ADMISSION THROUGH IIT GUWAHATI ENTRANCE TEST

Master of Arts in Liberal Arts is a multi-disciplinary programme initiated in 2022 so as to fuel creativity by offering a unique combination of training in theoretical analysis and abstract thinking.

The program promotes independent open-ended problem solving based on global models and combines different cultural, political and literary outlooks with the richness of India while tackling global issues.

The course structure comprises theoretical and practical elements of linguistics, literary studies, philosophy, cultural studies and digital humanities.

The program brings education to life by engaging students in real-world projects and helping them to develop indispensable skills for future professions in research, communication, and development.

The program equips students to excel in dynamic fields like NGOs, HR, PR, media, management, research, and writing.

The program equips students with a solid foundation in liberal arts, enabling them to make informed, innovative decisions in their careers.

Student Strength

PROGRAMME	GRADUATING YEAR	STUDENTS
Masters of Arts in Development Studies	Batch of 2027	40
Master of Arts in Liberal Arts	Batch of 2027	11
Total		

MA in Development Studies Curriculum Highlights

10 COURSES

Core courses

Essentials of Political Theory
Introduction to Economic
Study of Society
Economic History of Colonial India
Quantitative Research Methods in Social Sc.
Sociology of Development
Comparative Politics of Developing Countries
Economic Development: Theory and Practice
Qualitative Research Methods in Social Sciences
India’s Development: Issues and Debates

31 ELECTIVES

Electives

Religion and Modernity
Social Epistemology of Science
Rhetoric in Western Science Writing
Food and Culture in Contemporary Society
Agriculture and Rural Development
Caste and the Politics of Development
Development Anthropology
Science, Technology and Society
Sociology of Gender
Rural Labour Market in India

Electives

Globalization and Sustainable Development
Human Development: Theory and Practice
Statistical Method for Social Sciences
Land, Dispossession and Development
Public Programmes and Social Accountability
Critical Development Theory
Interrogating Modernity
Transnationalism and Migration: Issues of Development
Environment and Development

MA in Development Studies Curriculum Highlights

Electives

Region, Nation and the Making of Post-Colonial India

Conflict and Financial Diplomacy

Laboratories & Facilities

Phonetics and Phonology Lab

ESTABLISHED 2011

Operational by 2011, the Phonetics and Phonology Lab investigates speech production, perception, prosody, phonology, language acquisition, and Northeast Indian languages through experimental research and linguistic documentation at IIT Guwahati programmes.

The lab focuses particularly on speech and language sciences and Northeast Indian languages, including acoustic and tonal research.

Psychology Laboratory

ESTABLISHED 2011

Operational by 2011, the Psychology Laboratory supports experimental research and teaching in social, organizational, and cognitive psychology, using specialized apparatus to study perception, memory, learning, attention, behaviour IIT Guwahati.

Virtual Anthropology Lab

ESTABLISHED 2010

Established in 2010, the Virtual Anthropology Lab provides interactive, distance-learning experiments covering prehistoric tools, fingerprints, pottery reconstruction, craniometric indices, palm patterns, skeletons, blood groups, and genetic concepts for learners educators.

The IIT Guwahati project records identify 2010 as the project start year and include experiments involving handaxes, fingerprints, pottery, skeletons, blood groups and Mendel's Law.

Sleep and Cognition Lab

ESTABLISHED 2016

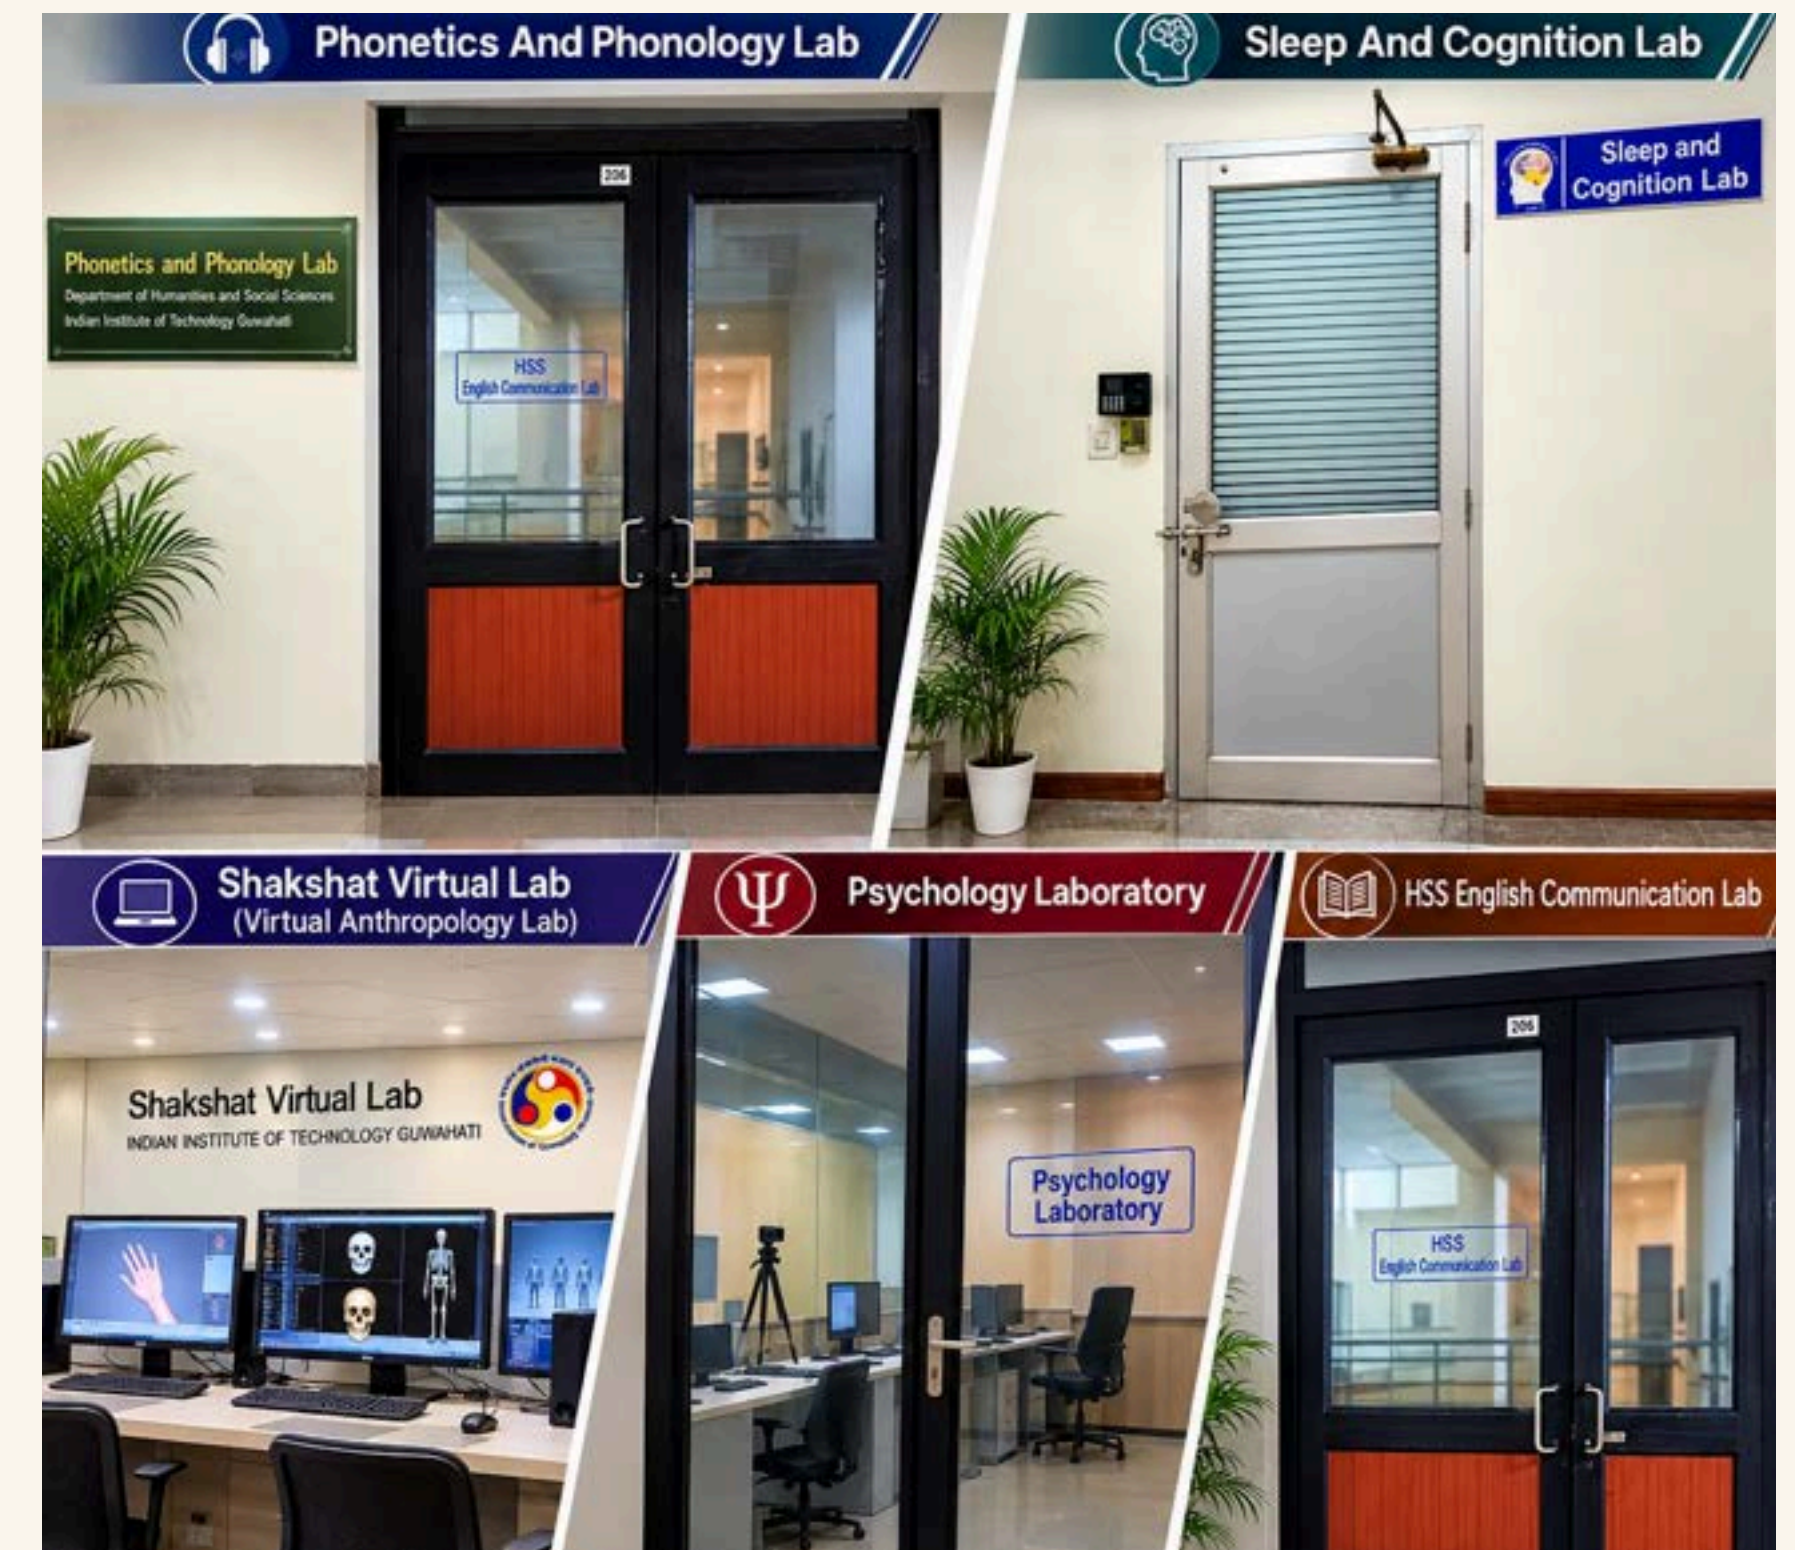

Operational by 2016, the Sleep and Cognition Lab investigates how sleep, deprivation, stress, and emotions influence attention, memory, decision-making, navigation, and cognition using EEG, EF polysomnography, experimental methods, and training.

Its research covers cognition, sleep deprivation, stress, attention, memory, decision-making and spatial navigation, supported by EE ERP, polysomnography and related experimental technologies.

HSS English Communication Laboratory

ESTABLISHED 2020

Established in 2020, the English Communication Laboratory provides hands-on language training through Words Worth software, supporting listening, speaking, reading, writing, grammar, vocabulary, confidence, and professional communication skills for students today.

Student Activities & Clubs

Students actively engage in a wide range of extracurricular, co-curricular, sports, cultural, and academic activities beyond the classroom. Their involvement in student-led clubs, societies, sports, social initiatives, placement activities, seminars, and institute-level events provides valuable opportunities to strengthen leadership, teamwork, communication, creativity, organisational abilities, and social responsibility while fostering a vibrant and collaborative student community

- HSS Film Club – Film screenings, discussions, and activities promoting critical engagement with cinema and society.
- Department Placement Cell – Placement coordination, Career development, Industry interaction, and student engagement initiatives.
- HSS Sports Team – Participation in inter-departmental and institute-level sporting activities and competitions.
- DebSoc (Debating Society) – Debates, public speaking, discussions, and intellectual exchanges on contemporary issues.
- LitSoc (Literary Society) – Literary, creative writing, reading, and cultural activities.
- Graduate Research Meet (GRM) – Participation in institute-level student activities and initiatives.
- NSS (National Service Scheme) – Community engagement, social service, awareness programmes, and outreach activities.
- Spardha – Participation in sports competitions and athletic events.
- Marathons & Fitness Events – Active participation in running, marathons, and institute/community fitness initiatives.
- HSS Seminars & Academic Events – Participation in seminars, lectures, discussions, conferences, and academic interactions organised by the department.
- Cultural & Institute Events – Active involvement in various cultural, social, and student-led activities across IIT Guwahati.
