About IIT Guwahati

Established in 1994, Indian Institute of Technology Guwahati is the sixth member of the IIT fraternity and one of India's premier institutions for higher education, research, and innovation.

Within a short span, the Institute has emerged as a global centre of excellence in science, technology, management, and design.

The picturesque campus spans 285 hectares on the northern bank of the Brahmaputra River, approximately 20 km from the heart of Guwahati city.

Surrounded by scenic hills and open spaces, it offers a perfect environment for learning, research, and holistic development.

IIT Guwahati offers a wide array of academic programmes including B.Tech., B.Des., BSc (Hons), M.Tech., M.Des., M.Sc., MBA, M.A., MS(R) and Ph.D.

across 11 departments, 9 interdisciplinary centres, and 5 schools, covering major disciplines in engineering, science, humanities, healthcare, and management.

The Institute has built world-class infrastructure and

houses state-of-the-art laboratories and National Centres of Research that support cutting-edge research.

Students are encouraged to take up interdisciplinary coursework, pursue minor degrees, and choose from a rich variety of open and interdepartmental electives.

IIT Guwahati has signed MoUs with top international universities, facilitating semester exchanges and summer internships, thereby broadening students' global exposure.

Our students regularly intern at leading global firms and research institutions, gaining invaluable real-world experience.

Ranked among the top 100 world universities under 50 years by Times Higher Education (THE), IIT Guwahati continues to excel globally.

The Institute was ranked 42nd globally in 'Research Citations per Faculty' and 344th overall in QS World University Rankings.

Director's Message

Indian Institute of Technology Guwahati was established in 1994 by an Act of Parliament. The academic programme started with 65 students in three undergraduate programmes in 1995. The institute is growing steadily and the total number of students in eleven departments, nine academic centres and five schools in numerous undergraduate and postgraduate programmes is now around 8600. The institute has excellent infrastructure for the all round development of its students. The institute has full-fledged Technology Incubation Centre and Research Park to promote entrepreneurship activities.

IIT Guwahati continues to maintain its superior position in various International and National Rankings. IIT Guwahati secured the 8th position among the top engineering institutions in India in the NIRF 2025 Rankings, released by the Ministry of Education.

Additionally, IIT Guwahati has been ranked as the 11th best university in the country. IIT Guwahati has been ranked 2nd in the 'Swachhata Ranking' conducted by the Govt. of India. IIT Guwahati has been ranked as the topranked university in 2019 for IT developers by HackerRank in the Asia-Pacific region. IIT Guwahati gained 42 position globally in the 'Research Citations per Faculty' category and overall 344 rank in the QS World University Rankings 2025 released recently. Also, IIT Guwahati ranks 6th globally in Sustainable Development Goal 7 (Affordable and clean energy) of the Times Higher Education Impact Rankings 2023.

With Best Wishes,

Prof. Devendra Jalihal

Director, IIT Guwahati

The institute has a very good central library, which provides library and information services to support teaching, learning, and research activities by creating state-of-the-art facilities. It is housed on a four-storey building having a floor area of about 7500 sq. meter. Inhouse services of the library are fully computerised and wi-fi facility is provided within the library building for connecting to the internet and accessing the Institute's electronic resources. The sports facilities of the institute are of international standard. The students graduating from this institute are motivated, bright, and very eager to perform after they graduate.

IIT Guwahati has extensive facilities for cultural and creative activities too. For example, the Technical Board promotes technology, creativity and innovation. IIT Guwahati helps in shaping up bright minds with proper perspectives. IIT Guwahati hosts two supercomputing facilities PARAM-Kamrupa (838 TF) and PARAM-ISHAN (250TF) to carry out research activities in various scientific domains including forecasting of weather and climate, bioinformatics, computational chemistry, molecular dynamics, artificial intelligence (AI) and machine learning and especially data science.

Because of the excellent performance of the students of IIT Guwahati in all the fields of study and research, guided by the dynamic faculty members and with the full support of the non-teaching employees, IIT Guwahati could feature in the coveted list of young universities (under 50 years of age) of the world selected by the Times Higher Education (THE) magazine. IIT Guwahati is the only Indian entry to this elite list. I cordially invite all prospective employers to visit IIT Guwahati and to participate in the on-campus placement and internship processes.

About the Department

The Master of Business Administration (MBA) at IIT Guwahati is a two-year (four semesters) residential programme. The programme, which is holistic in nature, comprises of classroom teaching, case studies, projects and internship in the industry. The goal of the programme is to provide an overall well-rounded learning experience for the students. The specific thrust of the programme would be to impart training to enable the connect between the technical experts and corporate leadership, who make business decisions. The ability to understand both the technical and business sides of the equation has a great impact on making decisions towards creating invaluable asset for a corporation in a highly competitive and ever evolving marketplace.

Head of Department's Message

“

Since inception, the flagship Master of Business Administration (MBA) programme of the School of Business remains one of the attractive programmes of the institute. Recently, we revised the programme for balanced representation of all core functional areas in Management namely Finance & Accounting, Marketing, Organizational Behaviour & Human Resource Management (OB-HR), Operations, Strategy, Information Systems, and Economics. Emphasis is given to have a large pool of electives which may shape the students in their selected area. The PhD programme of the School provides a place to create future leaders for Academia, Research and Development, and Industry in all focused areas. The school is planning to start Minor programmes for the undergraduate programme of the institute. The school provides opportunities for development of techno-entrepreneurship. The School of Business at IIT Guwahati is serving as the gateway institution within the region - a centre for local and national talent creation, cross-disciplinary education, and local entrepreneurship and innovation.

With Best Wishes,

Prof. Deepak Sharma

Head of Department · School Of Business

Programmes Offered

Master Of Business Administration (MBA)

ADMISSION VIA CAT

Providing a techno-entrepreneurial ecosystem as part of the multi-disciplinary education is the need of the hour, and the MBA programme at the School of Business, is an initiative in this direction.

The MBA programme being offered at School of Business has nuances of regular MBA programme along with a plethora of focused electives from other academic fields, including design management, infrastructure finance, human resources and marketing.

Provision of such an avenue will result in creating an ecosystem where students with different background can equip themselves with business management expertise and expand their skill sets. This will, in fact, create an opportunity for the highly skilled manpower to transform their skills into business principles. Finally, the mantra of the School is to create job-creators, instead of being job-seekers.

Doctor of Philosophy(PhD)

ADMISSION VIA UGC NET

The School of Business offers a rigorous and research-intensive Doctoral (PhD) Programme across all major domains of management, including Organisational Behaviour, Human Resource Management, Marketing, Finance, Operations Management, Strategy, Economics, and Information Systems, among others.

Our doctoral scholars, guided by accomplished faculty members, have established a strong reputation in the management research community through their commitment to academic excellence and impactful scholarship. Their research contributions have been published in leading national and international journals and presented at prestigious conferences worldwide.

The School's research scholars have consistently earned recognition through numerous accolades, including Best Paper Awards, Promising Research Idea Awards, and other distinctions at reputed international conferences. These achievements reflect the quality, relevance, and innovation embedded in the School's research ecosystem.

To foster global academic exposure, the PhD Programme offers unique opportunities for international research collaborations and exchange
