Dear Colleagues,

This is to bring to your kind attention that 58th Annual Convention of Chemists 2021, the yearly event of the Indian Chemical Society, is being organized on December 21–24 in the virtual mode due to continuation of Covid pandemic in the country. The programme consists of Scientific Sessions in Seven different Sections and two special sessions those would be held in the Academic Institutes and Industrial houses. Seven different Sections are (i) Physical Chemistry, (ii) Organic & Biochemistry, (iii) Inorganic Chemistry, (iv) Analytical Chemistry, (v) Environmental Chemistry, (vi) Industrial & Applied Chemistry, (viii) Chemical Engineering & Green Technology; besides two Special Scientific Sessions refer to Professor Asima Chatterjee Special Scientific Session and Young Scientists Conclave.

The Society intends particularly to encourage the budding young chemists of our country by organizing special award sessions to accommodate the contributions of the young chemists. Our President is pleased to announce new Awards as will be selected by the Juries team in addition to Annual Convention Awards to young Chemists (age ≤ 35 y). Lifetime Achievement Awardees, Endowment Awardees, Senior Scientists of the country and abroad will join along with Young Scientists of the country in this Convention. Special drive has been given to encourage Women Scientists to join in the Professor Asima Chatterjee Special Scientific Session. We believe that the Convention would provide an effective platform for exchange of thoughts among the participating chemists which would generate new ideas and open up new fields of research.

We earnestly hope that chemists from our country and abroad will participate in this Convention to make it a grand success.

The relevant information regarding the Convention is furnished in the sequel.

With regards

Yours sincerely,
Professor Chittaranjan Sinha
