Centre for the Environment

Indian Institute of Technology Guwahati

ONE DAY SYMPOSIUM ON

“ENVIRONMENT AND US”

On the occasion of World Environment Day

5th June 2012

ANNOUNCEMENT

Centre for the Environment

Indian Institute of Technology Guwahati

Guwahati - 781039, Assam

BACKGROUND

5th June is celebrated as the “**World Environment Day**” for awareness about the environment and enhancing the political attention and public action. Every 5th of June is declared as World Environment Day by United Nations Environment Programme (UNEP). The United Nations General Assembly first declared 5th June as World environment day in 1973 and since then this day has been commemorated and celebrated all over the world dedicating to the health and concern of the environment. World Environment Day is used by the United Nations to stimulate worldwide awareness of environmental issues and encourages political and social action to control various environmental issues. World Environment Day is celebrated globally for positive environmental action.

Centre for the Environment, IIT Guwahati has come forward to celebrate this important day with an objective of discussing and spreading awareness about some burning issues in the recent times like water security, global warming, climate change, urbanisation and many more. The symposium will conduct some important lectures and poster presentation by invited delegates and participants respectively, highlighting the different fields of their research. The invitation is open for active participation by the young researchers and students. They are requested to submit their abstracts for poster presentation before deadline.
